Promoting excellence within the pharmacy profession, the Nova Scotia College of Pharmacists is the regulatory body for pharmacists and pharmacy technicians licensed to practice within the province. Under provincial legislation, the College is mandated to govern the practice of pharmacy in Nova Scotia in the interest of the health and well-being of the public. In an evolving health care system where the Nova Scotia Pharmacy Act has broadened pharmacists’ scope of practice and ability to serve patients, and has enabled the regulation of pharmacy technicians, there has never been a more exciting time to step into the leadership role of Registrar with the College.

Reporting to Council, as Registrar you will be responsible for the high-level planning and implementation of decisions and actions necessary to ensure the appropriate functioning of the organization. You will support the Council in protecting the public interest by assisting in developing strategies and governance policies including a vision, mission, specific goals, objectives and plans. You will forge collaborative relationships with key stakeholders provincially, regionally and nationally. You will provide leadership to a talented and engaged team within the College and you will lead the implementation of the strategic plan.

A licensed Pharmacist with at least five years in a management-level role, you are a strategic leader and relationship builder with demonstrated success motivating and inspiring a team. You will guide the College in ensuring the professional delivery of pharmacy care in Nova Scotia and in influencing the future of the profession. Your strong ethics and decision making abilities lend to your suitability for this role. Working closely with the Council and its Committees and representing the College on provincial and national initiatives, you will build relationships with registrants, government officials, and key stakeholders in support of the College’s mandate. Your superior communication skills, courage of conviction, understanding of health care system trends and regulatory process, and commitment to excellence qualify you to assume this leadership role.

If you are interested in more information or submitting your application for consideration by the Nova Scotia College of Pharmacists Registrar Search Committee, please contact Andrea Forbes or Michele Moore in confidence at 902-422-1542 or submit your resume online at http://www.kbrs.ca/Careers/10874.
