Preceptor/Site Approval Form - Sites Outside Nova Scotia

This form is to be completed by interns wishing to have the College record, for the purposes of licensure, practice experience performed outside the province of Nova Scotia, but within Canada.

Intern's Name: ____________________________________________
University: _________________________________________________
Location of Proposed Practice Experience: ____________________________________________
Name of Pharmacy: ____________________________________________
Address: ____________________________________________________
Preceptor’s Name: ____________________________________________

Preceptor is in good standing and eligible for preceptorship, according to their licensing body.

Yes □ No □ (To be verified and signed by preceptor’s provincial licensing body)

Intern Declaration

I, ____________________________, declare that I am currently registered as a “Registered Intern” (Intern) with the Provincial Licensing Body and will continue to be registered for the duration of this practice experience period, and that I will work only under the Direction of my preceptor or my preceptor’s pharmacist delegate. I further declare that I have read and understand the laws relating to Registered Interns.

Signature of Intern ____________________________ Date ____________

Preceptor Declaration

I, ____________________________, declare that I am currently licensed in the province in which I practice (Name of Preceptor) and that the intern named above will be under my Direction personal supervision during their training and that I will take responsibility for their actions. I further declare that the pharmacy named above is currently an approved pharmacy in the province.

Preceptor’s Signature ____________________________ Date ____________

• Approval must occur before practice experience commences.
• The onus is on the intern to have the appropriate licensing body verify that the preceptor is in good standing and eligible for preceptorship.
• Interns MUST BE REGISTERED with the Nova Scotia College of Pharmacists, as Registered Interns, before commencing practice experience in a pharmacy. A separate Registration Form must be used for this purpose.
